	Optical class:	<b>1</b>
	Impact resist	<b>F</b>
	Anti-fog (where applicable)	<b>N</b>

Field of application:

These safety Goggles are designed to protect the eyes from flying particles. The lenses are made of impact-resistant polycarbonate. This eye protector is not intended for welding use. The Goggles (frames and lenses) is certified to meet EN166:2001 and European directive

Storage/Cleaning:

- Storage: keep out of direct sunlight, away from chemicals and abrasive substances.
- Clean with 1% solution of mild detergent and dry with a soft cloth.

Warning:

- When in contact with the skin the frame may cause allergic reactions to susceptible individuals.
- For optimum protection when working, wear the spectacle/goggle continuously.
- Coloured lenses only protect the eyes from the sun's rays (UV radiation). Coloured and clear lenses offer no protection against optical radiation given off during welding and cutting work.
- Coloured lenses are not suitable for working or driving during twilight and at night.
- Coloured lenses are not suitable for looking directly into the sun.
- Do not continue using the spectacle/goggle if the frame is broken or snapped.
- Do not continue using the eyewear if the lenses are dull, damaged or scratched-replace them.
- Do not continue using the eyewear if cleaning does not improve vision.
- Lenses must only be replaced with original lenses having the same marking. Fit new lens from the side edge, and ensure that lens sits properly in the frame channel
- Goggles that offer protection against high-speed particles worn over standard ophthalmic Goggles may transmit impacts, thus creating a hazard to the wearer.

- If protection against high-speed particles at extremes of temperature is required then the selected Goggle should be marked with the letter T immediately after the impact letter, i.e. FT, BT or AT.
- If the impact letter is not followed by the letter T then the eye protector shall only be used against High speed particles at room temperature. If in doubt, consult your supplier.
- Ensure that you follow all instructions and warnings - improper uses of this product may endanger the wearer's health.
- Do not modify the spectacle/goggles.

Retain this information.

If in doubt, consult your supplier. Ensure that you follow all instructions and warnings - improper uses of this product may endanger the wearer's health.
